

Northside Elementary 2021-2022 School Supply Kit Fundraiser

This year Northside's PTA decided to change things up and enlisted a new company, [Bright SchoolKitz](#), to fulfill our school supply kit fundraising needs for the 2021-2022 school year. All ordering will be completed online, so there are no forms to remember to fill out and no money to send in. For each kit purchased, Northside PTA will receive \$5.00. The money earned will go directly to providing great learning opportunities for Northside students.

The online store is now open and will remain open until July 2nd. However, kits ordered by **May 21 will receive a \$5.00 discount**. As in the past, kits ordered by July 2nd will be delivered in bulk to Northside and delivered to your child's classroom before the start of the school year. Kits may be ordered after July 2nd, but will be shipped directly to your house and additional shipping charges will apply.

Headphones or earbuds may be ordered for an additional price, however you are welcome to provide your own. Also, supply kits do not include backpacks or water bottles which will need to be provided by you. Some items may need to be replenished during the school year and your child's teacher will let you know if and when this is necessary. Lastly, the option to order supply kits is a service we provide our parents to help make heading back to school in the fall one step easier. Therefore, participation is completely optional.

Let the supply kit ordering for the 2021-2022 school year begin!!! Follow these super easy steps to order and check "Order School Supplies" off your to-do list.

1. Click [here](#) or type in <http://www.schoolkitz.com> in your browser.
2. In the FIND YOUR SCHOOL box enter our zip code: 61254.
3. Select Northside Elementary.
4. Click on the grade your child will be in NEXT fall for the 2021-2022 school year.
5. Decide if you would like to order headphones or earbuds.
6. Follow the prompts and submit your online payment.
7. If you have more than one kit to order, you may go back and add more kits before you move through the purchasing steps.
